Experience

Oasis Infobyte Intern :

Gained hands-on **experience** in web development by working on **real-world projects** with an award-winning innovation team. Developed and improved web-based systems, enhancing problem-solving and technical skills. Worked with HTML, CSS, JavaScript, React.js, and API integration to build **responsive** web applications.

Super Fit :

Built a comprehensive fitness tracking application using **React.js**, leveraging **React Hooks** for efficient state management. Implemented a **responsive UI** with **Tailwind CSS** using **flex** layouts and custom animations.

- Dynamic workout volume calculation and progress tracking
- **Local storage** integration for persistent user data

Weather App :

Developed a real-time weather application using JavaScript and the **OpenWeather API**. Designed a sleek, **responsive UI** for a seamless user experience.

- Search functionality for cities worldwide
- Dynamic UI updates based on weather conditions

Education

B.Com - RV Government Arts College, Chengalpattu (2021-2024).
